

# The Mercer County Area Community ID Card

Dear Neighbor:

YES, this card recognizes you as a Mercer County Area resident. We thank you for obtaining the Community ID Card and we hope it will be useful to you when you have to prove your identification and place of residence, or in case of emergency. However, we request that you let us know if you encounter any difficulties on the part of an organization, business or law enforcement agent that rejects its validity. In this event, **please call us to report the problem at 1-877-452-5333**. Leave us a callback number. We will contact the organization and report back to you when we have resolved the issue.

## WHERE CAN YOU PRESENT THE MERCER COUNTY AREA COMMUNITY ID CARD

- Police officers from various municipalities (see list to the right)
- Mercer County Sheriff officers
- Emergency personnel (fire, ambulance, hospital ER)
- Any clinic or doctor's office
- Municipal and County Parks and swimming pools
- Public libraries
- Public schools
- Private Social Services and Charitable organizations
- Some banks, pharmacies and stores (not all will accept the card initially)

Since the card has been launched recently we need your help in obtaining its widespread use and acceptance. Use it as often as you can. We are also extending this card to other municipalities in the area. For now **the card is accepted by police department officers in six municipalities: City of Trenton, Ewing, Plainsboro, Princeton Borough, Princeton Township, and West Windsor.**

The use of this card for non-local use, outside the Mercer County Area, is not necessarily discouraged but likely not to be honored. **The card will not be accepted by agencies of the State of New Jersey or the federal Government.** However, under no circumstances should it be confiscated. In the event it were, please take note of the location, name of the organization and person who took the card and **report it as soon as possible to 1-877-452-5333**
